## MSU-1500

Master setup unit, multi camera remote control panel for HDC / HSC cameras (vertical type)

#### Overview

The MSU-1500 master setup unit is a control panel for camera configuration and maintenance. It is a compact, vertically-oriented device (as opposed to the MSU-1500, which has a larger, horizontally oriented panel), and can control multiple camera systems, using either the CNU-700 Camera Command Network Unit, or using a LAN, in which case up to 96 cameras can be controlled.

This product contains pre-installed software and requires the purchase of licence keys to activate some functions.

#### **Features**

#### Large and flexible system configuration

The MSU-1500 is part of a family of products that provides flexibility in the configuration of large and small camera control systems.

#### **Ethernet LAN capability**

The MSU-1500 supports inter-connectivity using an Ethernet LAN as well as a CNU-700.

#### Customisable Switch and menu

MSU-1500 users can map any function to an assignable switch or menu item
