

# HZC-DFR20

Slow Motion Upgrade for HDC Cameras

## Overview

The HZC-DFR20, HZC-DFR20M and HZC-DFR20W are the software licenses for shooting Dual Frame Rate 2x slow motion with HDC-1700, HDC-2400 and HDC-2570 system cameras (with fibre side panel attached).

The licenses give you a high level of flexibility to purchase the equipment you want, when you want it, with the confidence your camera is future-proofed for changing demands.
