

QDA-SB1

XQD USB Adapter

Overview

USB adapter compatible with XQD G Series and M Series *1

High speed data ingest

Dramatically reduce backup time even for large RAW images or data-intensive 4K video files. Transfer 64GB of card data in approximately 3 minutes*2.

USB3.0 Extension Cable Bundled

Avoid blocking the other next USB port. Stable operation and convenient use at work space.

*1 Can't be used with XQD H series, S series and N series. Make sure that both XQD memory card and an adapter have "USB" mark.

*2 Based on Sony internal testing when using a Sony XQD G Series memory card and MacBook Pro.
