## VPL-FHZ61

5,100 lm (5,600 lm center) WUXGA laser light source projector (colour availability may vary by country)

### Overview

## Bright, beautiful images with low running costs, minimal maintenance and flexible installation

The VPL-FHZ61 laser projector is ideal for a wide range of business, education and entertainment applications. The powerful Z-Phosphor laser light source is teamed with Sony's advanced BrightEra 3LCD projection engine to deliver extremely bright, detail-packed WUXGA resolution images with generous 5100 lumens brightness and rich, stable colours. Constant Bright maintains the same brightness throughout the 20,000 hours recommended life span.

The laser light source allows up to 20,000 hours\* of virtually zero maintenance operation without the worry of sudden lamp failures. A new automated filter system cuts the hassle of regular dust cleaning. Near-zero maintenance needs are complemented by a range of energy-saving feature, significantly driving down total lifetime ownership costs.

Offering a stylish new blend-in design, tidy cable management and low fan noise, the VPL-FHZ61 fits smoothly into almost any environment – from academic institutions, corporate, medical training and public sector organisations to visitor attractions and retail spaces. Seamlessly blend images from multiple projectors to create super-sized displays, or project accurately proportioned

images onto angled or curved surfaces. Mount the projector at any angle, even on its side or upside down. Set-up's easier than ever with a friendly new installation menu.

*VPLFHZ61/W is the white model; VPLFHZ61/B is the black model. Black and lensless models available in Europe; colour availability may vary by country.* 

\*Actual hours may vary depending on usage environment.

### Features

#### Very high image quality with Sony's advanced BrightEra 3LCD projection engine and Z-Phosphor laser light source

The Z-Phosphor laser light source is coupled with Sony's acclaimed BrightEra 3LCD projection engine to ensure high 5100 lumen image brightness with vivid, natural colour reproduction.

#### **Constant Brightness**

Constant Bright maintains the same brightness throughout the 20,000 hours recommended life span.

### Advanced picture refinement technologies

Picture quality is boosted by advanced processing featured on Sony home cinema projectors. Reality Creation uses a powerful pattern-matching database to optimise every pixel. Contrast Enhancer actively analyses and refines dark and light image areas for sparkling highlights and rich, deep blacks.

### Crisp, detail-packed WUXGA resolution images

See the finest detail in PC presentations, videos or multimedia signage with WUXGA (1920 x 1200) 16:10 resolution.

## Up to 20,000 hours\* operation with virtually no maintenance

The advanced laser light source offers up to 20,000 hours\*

operation without lamp exchange, reducing lifetime running costs compared with traditional projectors.

\*Actual hours may vary depending on usage environment.

### Hassle-free automatic filter cleaning

Focus on great-looking images instead of arduous maintenance tasks: new automated filter cleaning system removes dust every 100 hours.

#### **Energy saving features**

Reduce running costs even further with convenient energysaving features: Picture Mute and Auto Dimming.

#### Save time with every presentation

Quick power On/Off dramatically cuts warm-up time after switchon before you can start presenting at full brightness.

#### 360° free-angle installation capability

Enjoy greater installation flexibility: position the projector freely at any angle – or its side or even upside down.

#### **Powered Wide Lens Shift**

Generous lens shift adjustments give more flexibility for positioning the projector where you need it: close to ceilings or even horizontally offset.

## Included powered standard zoom lens plus wide choice of lens options

Installation flexibility is increased by a wide range of compatible lens options to suit virtually any size of room and throw requirements. New quick-release bayonet mount simplifies quick lens exchange.

#### Supports HDBaseT

Simpler, more cost-effective installation and connectivity with digital transmission of HD video, audio and networking/control

over a single Ethernet cable.

#### Create super-size displays with Edge Blending

Seamlessly join accurately colour-matched images from multiple projectors, simplifying creation of stunning super-size displays for corporate and education.

#### Project onto non-flat surfaces with Image Warping

Easily correct image geometry for natural-looking projections – even on convex or concave surfaces. Corner and edge correction can be easily adjusted with the supplied remote and on-screen menu.

#### **Quiet operation**

Low fan noise ensures discreet, unobtrusive operation in quiet environments from museums and galleries to lecture theatres.

#### Slim, attractive new blend-in design

The slim, stylish case design features a flat top surface that blends in discreetly when the projector is ceiling mounted. The clean appearance is accentuated by a new terminal cover that reduces cable clutter.

#### **Picture Mode**

New Picture Mode ensures great-looking pictures in any presentation conditions. Select Standard, Dynamic, Brightness Priority or Multi Screen mode for optimised image quality, with any source and in every room.

#### **Built-in Auto Calibration**

After extended periods, colour can be automatically calibrated to the original factory condition. There's no need for extra calibration equipment or cameras; a built-in colour sensor stores all the necessary information.

#### Simple set-up with friendly new Installation menu

Easily adjust projector settings with remote commander,

including warping and edge blending.

#### **Project Side by Side**

Project images from two inputs at the same time: ideal for applications such as video conferencing and medical training where two images need to be seen simultaneously.

#### **Protocol Emulation**

Sony's Protocol Emulation feature allows one to control Sony projectors using other manufacturer's RS232C control protocols. This feature allows integrators to replace other manufacturer's projector with Sony's, without re-programming the AV system. Consult your Sony representative for the details.

## Specifications

Display system	3 LCD system
Size of effective display area	0.76" (19 mm) x 3 BrightEra LCD Panel, Aspect ratio: 16:10
Number of pixels	6,912,000 (1920 x 1200 x 3) pixels
Focus	Powered
Zoom - Powered/Manual	Powered

Zoom - Ratio	Approx. x 1.6
Throw ratio	1.39:1 to 2.23:1
Lens shift - Powered/Manual	Powered
Lens shift - Range Vertical	-5%, +60%
Lens shift - Range Horizontal	+/- 32%
