

UNI-IRS7T1

Tinted indoor vandal resistant housing

Overview

Vandal resistant indoor camera housing designed for SNC-RZ30N and SNC-RZ50N dome cameras

The Sony UNI-IRS7T1 7-inch Vandal-Resistant Indoor Housing (Tinted) is designed to offer extra protection to the Sony's SNC-RZ30N and SNC-RZ50N Dome Cameras. The upper part of the housing is constructed of durable cast aluminium while the lower dome is made of thermoplastic polycarbonate material. Designed for discreet surveillance, the housing is equipped with a tinted lower dome that helps conceal the direction of the camera without interfering with the camera's view.

Light weight and strong

Polycarbonate Dome. Upper body of the 7-inch (177.8mm) housing is made of plastic, it weighs 3kg. Strong cast aluminium trim ring.

Features

Voltage feed

Integrated 24 V AC power supply for camera operations (electronics not included).

Rugged vandal-resistant construction

Dome shell is constructed of an injection moulded 0.118" (3 mm) thick, optically clear thermoplastic polycarbonate.

Discreet

Designed for discreet surveillance, the housing is equipped with a tinted lower dome that helps in maximum light transmission.

Easy connection

Pendant mount, 1.5-inch NPT quick connect coupling.
