

CCFN-JC1

Coupler for cascade connection

Overview

Extends cable length

CCFN-JC1 extends the cable length between the two of the CCFN-100/50/25 cables that are designed for the HXC-D70 multi-transmission studio camera system.

Joins CCFN cables

Doubles the distance between the HXC-D70 camera and the recording system.

Features

Joins CCFN cables

Doubles the distance between the HXC-D70 camera and the recording system.
