

IFU-WH1

Wireless HD Unit for home cinema projectors

Overview

IFU-WH1

Free yourself from HDMI cables and keep things tidy with a Wireless HD Unit.

Movies, games and more

Connect wirelessly from your home cinema projector to your Blu-ray Disc™ player, games console and more.

High quality picture

The unit consists of a wireless HDMI receiver and emitter kit. The WirelessHD 60GHz connection ensures a stable, high quality picture.

Compact and efficient

With a smart, compact design, the Wireless HD Unit is also very low on energy consumption.
