

PWSL-PH45

Apple ProRes Option Codec

Overview

Apple ProRes Recording Capability for the PWS-4500 server

The PWSL-PH45 is the software license for the Apple ProRes 422 codec with the PWS-4500 4K/HD live production server.

PWS-4500 allows you to record the files as Apple ProRes 422, which is an ideal fit for the Apple ProRes post production environment.
