

FWD-65X80J

65" BRAVIA 4K Ultra HD, HDR,
LED Professional Display

Overview

Vibrant, true-to-life pictures and sound plus smart connectivity

Add extra impact to your business communications with the FWD-65X80J BRAVIA Professional Display that combines lifelike 4K HDR picture quality with smart connectivity, elegant styling and easy operation.

Optimised for professional applications, BRAVIA delivers richly coloured, high-contrast 4K HDR images, with 4K X-Reality PRO upscaling lower-resolution images closer to true 4K quality.

The display's clean, minimal design keeps your audience focused on what really matters, while Dolby Atmos delivers pure, immersive sound.

For even greater peace of mind there's the added reassurance of our 3 Years warranty with Repair or if necessary advanced exchange handled by local partner, on premise where possible. You can also choose to extend your support for an additional 2 years.

Features

4K image resolution (3840 x 2160 pixels)

4K offers four times the detail of Full HD, with a resolution of over

8 million pixels bringing extra clarity to corporate display, education and digital signage applications.

More contrast, colour and clarity

Our 4K HDR Processor X1™ cleans and refines picture signals, using advanced algorithms to cut noise and boost detail. Even lower-resolution images are upscaled closer to 4K with lifelike colour and textures for more impactful signage and presentations.

See finer detail

4K X-Reality PRO upscales pictures closer to true 4K quality. Images are sharpened and refined in real time, revealing extra detail from lower-resolution picture sources.

Wider colour with TRILUMINOS Display

Powered by our X1 processor, TRILUMINOS Display maps colours from a wider palette, faithfully reproducing a world of more vivid, lifelike hues and tones. Sony's unique TRILUMINOS algorithms detect colour from saturation, hue and brightness to ensure accurate reproduction of subtle natural shades. The result: a wider gamut of rich colours, bringing you even closer to what you'd see in the real world.

Smoother movement

Motionflow™ XR inserts additional picture frames between the originals, ensuring smoother, sharper detail in fast-moving sequences.

Refined style to match any space

BRAVIA features a slim, contemporary blade design with a narrow screen bezel that adds an extra touch of refinement to any business environment.

Do more with Android TV

Discover a world of apps and online content powered by Android TV. Use Voice Search to find content easily with no

typing.

Google Chromecast and Apple Airplay

With Google Chromecast and Apple Airplay built-in, it's easy to mirror content and enjoy it super-sized on BRAVIA.

Greater peace of mind

There's the added reassurance of our 3 Years warranty with Repair or if necessary advanced exchange handled by local partner, on premise where possible. You can also choose to extend your support for an additional 2 years.
