

VCT-FS7

Lightweight 15mm rods and adjustable shoulder pad for PXW-FS7

Overview

Easy mobility and choice of shooting style

The VCT-FS7 lightweight rods support for the PXW-FS7 XDCAM camera features 15mm rods and an adjustable shoulder pad. This enables the use of additional Matte boxes, the easy attachment of Follow Focus systems or of an external recorder with the PXW-FS7.

15mm rods and an adjustable shoulder pad

Supports rod mounted accessories on the PXW-FS7.

Features

Lightweight 15mm rods and adjustable shoulder pad supports rod mounted accessories.

The VCT-FS7 allows the easy attachment of Follow Focus systems or of an external recorder to the PXW-FS7.
