

ACC-L1BP

AC adaptor/charger and battery kit

Overview

Make sure your camcorder is always ready to shoot with the ACC-L1BP dual charger/AC adaptor and InfoLITHIUM® rechargeable battery kit.

Sony's ACC-L1BP accessory kit includes the AC-VQ1051D dual charger / AC adaptor and an NP-F970 high capacity InfoLITHIUM® battery.

This accessory kit offers real flexibility for professionals, giving longer battery life and faster re-charging than ever before. The AC-VQ1051D can provide AC power to your camcorder or quickly charge two InfoLITHIUM L series batteries in sequence. The NP-F970 high capacity, long-lasting battery powers your camcorder longer than any other battery in the L-series, and because it's InfoLITHIUM you'll be able to see the remaining battery life displayed on your camcorder's screen.

Applicable models: HVR-Z5E, HVR-Z7E, HVR-S270E, HVR-V1E/1, HXR-NX5E, DSR-PD175P, HVL-LBPB, LPM-770BP, NEX-FS100E, NEX-FS100EK, HVR-HD1000E, HXR-MC2000E
