

BC-U2

Two-channel simultaneous battery charger/AC adaptor for BP-U90/U60/U30 Lithium-ion battery

Overview

Charges two BP-U90/U60/U30 batteries

The BC-U2 battery charger simultaneously charges two compact BP-U90/U60/U30 Lithium-ion batteries at high speed, providing power for XDCAM camcorders for up to six hours.*

* BC-U2 can charge two BP-U90 batteries in 190 minutes, each providing 85 Wh energy to power the PMW-200 or PMW-EX1R camcorder for up to 360 minutes. For full range of capacities and camcorder running times, see features.

Built-in AC adaptor provides 12 V DC power output while charging one battery

The BC-U2 also has 12 V DC power output cable to power a camcorder directly, while charging one battery simultaneously.
