

PCSA-RXG77

Full HD upgrade software license
for PCS-XG77 Videoconferencing
System

Overview

This software license upgrades the PCS-XG77 Videoconferencing System from 720p to support Full HD (1080/60p) video for even crisper, more lifelike conferences.

With this optional upgrade, the PCS-XG77 can receive and transmit both H.323 1080/60p and dual H.264 1080/30p video streams.

Activation key for pre-installed software.
