

UNI-ONS7T1

Outdoor pendant-mount tinted dome housing

Overview

Outdoor pendant-mount tinted/clear dome housing with heater and blower for SNC-RZ50N and SNC-RZ30N camera

The Sony UNI-ONS7T1 is an outdoor dome housing designed to accommodate Sony's SNC-RZ50 and SNC-RZ30 cameras. The housing is completely sealed and features a built-in heater and blower to keep the camera protected in extreme temperature conditions. A built-in power adapter supplies power to both the camera and housing. The lower dome is tinted to conceal the camera's pointing direction.

Any weather

Built-in heater and blower Water-tight cable entry. Outdoor dome, UV protected.
