

DVF-L350

LCD 3.5-inch colour HD digital viewfinder

Overview

Higher resolution, higher contrast LCD digital viewfinder for CineAlta cameras

The DVF-L350 colour HD digital viewfinder offers LCD quality for CineAlta cameras with a digital interface, such as the PMW-F55 and PMW-F5. Take a major step forward in operating with the incredible image of this 3.5-inch* LCD viewfinder. Compared to previous Sony viewfinders, the DVF-L350 has higher resolution (960 x 540) plus ten times the contrast. And the eyepiece flips up for direct monitoring.

* Viewable area, measured diagonally.
