

LMP-F300

Replacement lamp for projector models VPL-FX52 and VPL-F52L

Overview

The LMP-F300 is a 300 Watt UHP (Ultra High Performance) lamp for the VPL-FX51 projector. During its entire lifetime you can rely on a constant light output generated by this lamp. When making important presentations, it is better to ensure you always have a projector lamp in spare, especially towards the end of the lamp's lifetime.

Environmental notice for customers in the USA
Lamp in this product contains mercury. Disposal of these materials may be regulated due to environmental considerations. For disposal or recycling information, please contact your local authorities or see www.sony.com/mercury for additional information.
