

## FWD-65X70H/T

65" BRAVIA 4K Ultra HD HDR  
Professional Display

### Overview

#### **Innovative displays designed for business**

Make business more entertaining with the FWD-65X70H/T 65" BRAVIA Professional Display that combines lifelike 4K HDR image quality with easy operation, flexible networking/control and smart content sharing.

Optimised for professional applications, the BRAVIA FWD-65X70H/T delivers richly coloured, high-contrast 4K HDR images, while 4K X-Reality PRO upscales lower-resolution images closer to true 4K quality and the ultra-slim design enhances any corporate or retail environment.

With advanced control, Simple Pro Mode and optional interactive compatibility, creating attractive digital signage is made easier so you always present a clear image.

Enrich your audience's display experience with seamless TEOS integration\* and a choice of built-in solutions to add extra functionality, from meeting room support to automation.

For even greater peace of mind there's the added reassurance of our 3 Year Advanced Exchange PrimeSupport service. If there's a problem with your display, we'll offer a free, brand new replacement product rather than repair included as standard.

You can also choose to extend your service by 2 additional years.

## Features

### **4K image resolution (3840 x 2160 pixels)**

4K offers four times the detail of Full HD, with a resolution of over 8 million pixels bringing extra clarity to corporate display, education and digital signage applications.

### **See finer detail**

4K X-Reality PRO upscales pictures closer to true 4K quality. Images are sharpened and refined in real time, revealing extra detail from lower-resolution picture sources.

### **Rich, natural colour with TRILUMINOS Display**

TRILUMINOS Display maps colours from a wider palette, faithfully reproducing a world of more vivid, lifelike hues and tones.

### **Smoother movement**

Motionflow XR inserts additional picture frames between the originals, ensuring smoother, sharper detail in fast-moving sequences.

### **A clearer, more natural soundtrack**

Clear Audio+ optimises sound so that all sound and dialogue have greater clarity and separation, bringing you a closer-to-the-real-world listening experience.

### **Smart Plug & Play**

Enjoy content from a smartphone or USB drive in beautiful big-screen detail. Smart Plug and Play makes it easy to share videos, photos and music from multiple devices.

### **Refined style to match your space**

BRAVIA features a slim, contemporary blade design, with a narrow screen bezel that adds an extra touch of refinement to any interior.

## Optimised for professional use

The FWD-43X70H/T meets the needs of today's business and educational environments, with flexible installation options plus wired or wireless network connection and serial communication control.

## Flexible mounting and installation

BRAVIA Professional Displays offer flexible mounting options with VESA standard mounting for easy integration into a wide range of environments.

## Greater peace of mind

There's extra reassurance with our 3 Year Advanced Exchange PrimeSupport service that's included as standard. If there's a fault with your BRAVIA Professional Display, we'll provide a replacement unit at no extra charge to keep you up and running.

## TEOS Integration\*

BRAVIA integrates seamlessly with TEOS, Sony's suite of workspace management applications that orchestrate control of devices and content in boardrooms, meeting areas and public spaces.

## Specifications

### Display Features

Brightness (cd/m <sup>2</sup> )	393
Native Contrast Ratio	5000:1
Dynamic Contrast Ratio	350000:1
Response Time (ms)	12

Panel Type	VA
Dimming Type	Frame Dimming
Display Device	LCD
Backlight Type	Direct LED
Bezel Size (Top, Side, Bottom)	14.4 x 15.2 x 17.9
Operation Time	18/7

## Display Specifications

Screen Size for WEB (diagonal, cm, integer or 1st decimal)	164 cm
Backlight Type	Direct LED
Display Resolution (H x V, pixels)	3840 x 2160
Screen Size (inch, measured diagonally)	65" (64.5")
Viewing Angle (Right/Left)	178 (89/89) degree
Viewing Angle (Up/Down)	178 (89/89) degree

Display Resolution	QFHD
