

CCFN-50

50 metre optical fibre hybrid cable with opticalCON connector

Overview

Used with the HXC-D70 multi-transmission studio camera system

Optical fibre transmission for CA-FB70 and HXCE-FB70. 50m length cable.

Power and optical fibre hybrid cable

Used with CCFN-JC1 coupler, doubles the distance between the HXC-D70 camera and the recording system.

Features

Power and optical fibre hybrid cable

Used with CCFN-JC1 coupler, doubles the distance between the HXC-D70 camera and the recording system.
