

UNI-IRL7T2

Tinted indoor vandal resistant housing

Overview

Vandal resistant indoor camera housing designed for SNC-RZ30N dome cameras

The Sony UNI-IRL7T2 7-inch Vandal-Resistant Indoor Housing (Tinted) is designed to offer extra protection to the Sony's RZ series Dome Cameras. The upper part of the housing is constructed of plastic while the lower dome is made of thermoplastic polycarbonate material.

Light weight and strong

Polycarbonate Dome. Upper body of the 7-inch (177.8mm) housing is made of plastic, it weighs 3kg. Strong cast aluminium trim ring.

Features

Voltage feed

24 VAC power supply for camera operations (electronics not included).

Rugged vandal-resistant construction

Dome shell is constructed of an injection moulded 0.118" (3 mm) thick, optically clear thermoplastic polycarbonate.

Discreet

Designed for discreet surveillance, the housing is equipped with a tinted lower dome that helps in maximum light transmission.

Easy connection

Pendant mount, 1.5-inch NPT quick connect coupling.
