

BP-U60T

Lithium-ion battery (56Wh) with power out terminal

Overview

Compact battery for XDCAM handy camcorders

The BP-U60T (56 Wh) Lithium-ion battery supports professional video shooting in both the field and the studio. The battery has a 4 Pin 2A (Max) power output. The BP-U60T powers XDCAM handy camcorders such as the PMW-200, PMW-150 and PMW-100, as well as the PMW-50 portable deck. The battery provides power for more than two hours, depending on the camcorder.

Intelligent INFO function displays battery status in the camcorder

The BP-U60T is equipped with a professional INFO function that shows the remaining capacity, charging time, and charge cycles on INFO-compatible equipment such as Sony chargers and camcorders.

Features

Powers XDCAM handy camcorders up to two hours

The BP-U60T powers XDCAM handy camcorders such as the PMW-200, PMW-150 and PMW-100, as well as the PMW-50 portable deck. It provides 56 Wh power for more than two hours to the PMW-200 in combination with the CBK-WA100 wireless adapter.

Power output terminal

The BP-U60T includes a 4 Pin 2A (max) power output terminal for

peripheral accessories such as video lights.

Intelligent INFO function displays battery status in camcorder

The BP-U60T is equipped with a professional INFO function that shows the remaining capacity, charging time, and charge cycles on INFO-compatible equipment such as Sony chargers and camcorders.
