

BVML-SN10

SNMP license for BVM-HX3110/HX1710N

NETWORKED LIVE

Overview

The BVML-SN10 is an SNMP license for Sony's TRIMASTER HX master monitor BVM-HX3110/HX1710N. SNMP stands for Simple Network Management Protocol. This license allows you to monitor your BVM-HX3110/HX1710N status remotely with the IP BVM SNMP Agent and an SNMP management system.

Features

Status monitoring and more efficient device management

You can get product attributes such as manufacturer name, product name, serial number, and status information of the BVM-HX3110/HX1710N unit. You can also monitor various warnings and errors of Network media streams, Genlock and Hardware. This feature allows you to monitor your unit remotely and makes administrator operation more efficient.
