

## CFV-E30SK

### 3D Eye Shield Kit

#### Overview

This 3D eye shield starter kit includes one frame (CFV-B100) and 3x disposable 3D eye shields.

The disposable eye shields are intended for use by surgeons and nursing staff in the Operation Room viewing images on the Sony Medical Monitor.

The 3D circular polarizing disposable eye shield fits into the shield frame that is light and comfortable to wear for extended periods. Wearing the eye shield and frame, healthcare professionals are protected from blood splashes, body fluids typically encountered in the Operation Room during clinical procedures. The 3D eye shield is compatible with the BKM-30GM and BKM-31GM (can use instead of 30/31GM).

#### Specifications

##### Specifications

Operating Temperature	0 °C to 40 °C
-----------------------	---------------

Operating Humidity	30% to 85%
--------------------	------------

Storage/Transport Temperature	-20 °C to +60 °C
-------------------------------	------------------

Storage/Transport Humidity	20% to 90%
