

TMTAHXC

Teleprompter Adapter

Overview

Teleprompter Adapter

The Teleprompter Adapter TA-HXC provides power to a large teleprompter for studio and remote field production applications. Designed for the Sony HSC-300/HXC-100 Series HD/SD System Cameras, the Adapter eliminates the need for additional teleprompter power source, thus providing for portable camera flexibility with studio camera teleprompter feature.

Highlights

- Eliminates the need for additional teleprompter power source
