4K SXRD compact laser projector with 2000-lumens output and accurate reproduction of high-speed motion

Overview

Smooth, precise moving images with 4K clarity and special functions for visual simulation.

Features

Native 4K clarity with more than four times the resolution of Full HD

Pre-adjusted brightness and color temperature for multi-projection

Super high contrast ratio

Supports HDR
Reality Creation upscaling

Long-lasting laser light source

Low transport delay

Quick start

Motionflow for smoother 4K images

Advanced motion blur reduction

Industry standard RF 3D compatible

Whisper quiet operation
