SONY

ZTX-M02RC

DWZ Series digital wireless handheld transmitter

Overview

All-metal handheld microphone

The ZTX-M02RC is Sony's original high-quality handheld microphone supplied with the DWZ-M70 2.4GHz digital wireless microphone set for vocal/speech. The interchangeable capsule design supports a choice of capsules, including Sony's CU-C31, CU-F31 and CU-F32. The system also includes AES 128-bit encryption technology to ensure highly secure transmission.

Features

Highly secure transmission

The ZTX-M02RC offers AES 128-bit standard encryption technology to secure transmitted signals and avoid being intercepted by others. By using this encryption feature, users can reduce the worry that confidential information could be intercepted.

Interchangeable capsule design, with a flexible choice of capsules, including CU-C31, CU-F31 and CU-F32

With the handheld transmitter, you can use the supplied high-quality dynamic cardioid microphone capsule. Alternatively, you can select any of Sony's DWX Series capsules (the thread pitch is 1.25"/28 (31.3 mm/pitch 1.0 mm threading))*.

*Use of third-party capsules may cause RFI or EMF noise.

Robust metal body

The ZTX-M02RC is made of strong durable metal. Metal construction supports reliable use in rough operating conditions.

Easy-to-use operation

The ZTX-M02RC features a latch switch for power on/off for conventional operation.

Two AA battery operation and contactless rechargeable function

The ZTX-M02RC is powered by AA batteries with a contactless rechargeable function (with optional BC-DWZ1 battery charger).
